This certificate is completely invalid. This is not our training center. So beware of this certificate. Check certificate authentication validity by checking our online verification in our website.

Be alert

How is the certificate authentication of BSDC?

1. Scanning the QR code shows its details online.
2. Every student has their own ID portal. (Students login section)
3. Each course has a unique registration number.
4. Every student can go to student login section through their own mobile number and identify their registration through forget password.
5. Besides, the most important thing is - after the candidate gets the job, his certificate verification letter or certificate verification call will come to our head office. Only after we verify it, it will be forwarded.

All kinds of legal action will be taken against such unscrupulous people very soon.

Chowdhury Jasimuddin (Chairman of BSDC)
